

YUKISATO

Blended

KIYOKAWA

Kiyokawa is located in the northern portion of the Nagano Prefecture. Our distillery sits on the edge of a small village, fed by snowmelt and fertile land. The area is known for its severe winters and hot continental summers, an exceptional condition for our barrelhouse. The nearby mountains provide a source of fresh and clear spring water that is an essential part of our product. Yukisato Blended Whisky is medium light in style with a rich backbone of malt whisky character. Grain notes and a light sweetness allow for the whisky to be used in both highball and straight pours. A whisky soft and easy to drink by itself.
