**PURE MALT**

## **JAPANESE PURE MALT WHISKY**

The flavours of this whisky honours its small distillery's tradition of simple craftsmanship. The hand-picked grain matures in first fill bourbon barrels and is brought to life with clear mountain water.

It ages with the seasons of the countryside, keeping time with the changes of the land.

## BRAND HISTORY

During Japan's feudal era, Samurai warriors who achieved complete mastery of swordsmanship were awarded the honorary title of KENSEI, or "sword saint." Such was their command over the craft that only one Kensei could exist at a time, having reached the peak of perfection.

The Kensei were living incarnations of Bushido, or the "way of the warriors" within the Samurai traditions. In addition to their martial prowess, they were meticulous craftsmen with an intimate understanding of their trade.
